BUILT AROUND YOU

B90B B95B B95B TC B95B LR B110B B115B B SERIES LOADER BACKHOES

Built Around You

The new, B Series Loader Backhoes continue the New Holland tradition of power, performance, and serviceability that they have been known for the last 40 plus years, while adding even more features to get your job done. The line-up consists of 6 models which will meet all of your needs. Whether you are digging, loading, trenching, or pushing – you can always count on New Holland Loader Backhoes.

- **New, curved boom design gives the New Holland B Series Backhoes a lower transport height, increased digging power, all the while maintaining it's narrow boom design for excellent visibility into the work area.**
- **New, easy to open flip-up hood allows a wide access with low effort for daily maintenance needs.**
- **Three counterweight options are now available for all New Holland B Series Backhoes ranging from 312 pounds to 1,210 pounds to get your job done.**
- **New Venturi Cone system improves muffler life and reduces exhaust stack vibrations.**
